To Whom It May Concern

LETTER OF REFERENCE

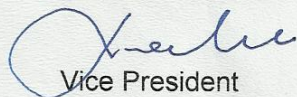

With this Letter of Reference we have a pleasure to confirm hereby that Geo Assistance S.A.R.L provided to GEOFIZYKA Kraków Sp. z o.o. in the year 2009 the services related to submitting the offers for two projects launched by ONHYM and covered by appropriate tender calls, one for 2D/3D seismic data interpretation, and the other for 2D off-shore seismic data processing, respectively.

The services of Geo Assistance S.A.R.L included vital and thorough information about binding Moroccan laws and procedures to be obeyed in view of a public tender requirements and obligations. GEOFIZYKA Kraków Sp. z o.o. received professional assistance and back up all along the development of aforementioned offers, in particular having all submitted leading and attached thereto documents duly verified and corrected to meet specific demands of both tenders in full.

Furthermore Geo Assistance S.A.R.L. has been updating the information about new ventures and projects planned on the Moroccan seismic market to acquaint our company with new trends and demands in this field.

Sincerely yours,

Stanisław Szabelski

Vice President
Geophysics and Marketing
